

Ang Munting Rhino at ang Kaniyang
Bisikleta
ជើង ប្រុស

Tuwing umaga, maagang gumigising ang Munting Rhino para maglakad papuntang paaralan.

Dahil sa kaniyang maiksing binti, hindi maaaring sumakay ng bisikleta ang Munting Rhino tulad ng kaniyang mga kaibigan. Kailangan niyang maglakad papuntang paaralan mag-isa.

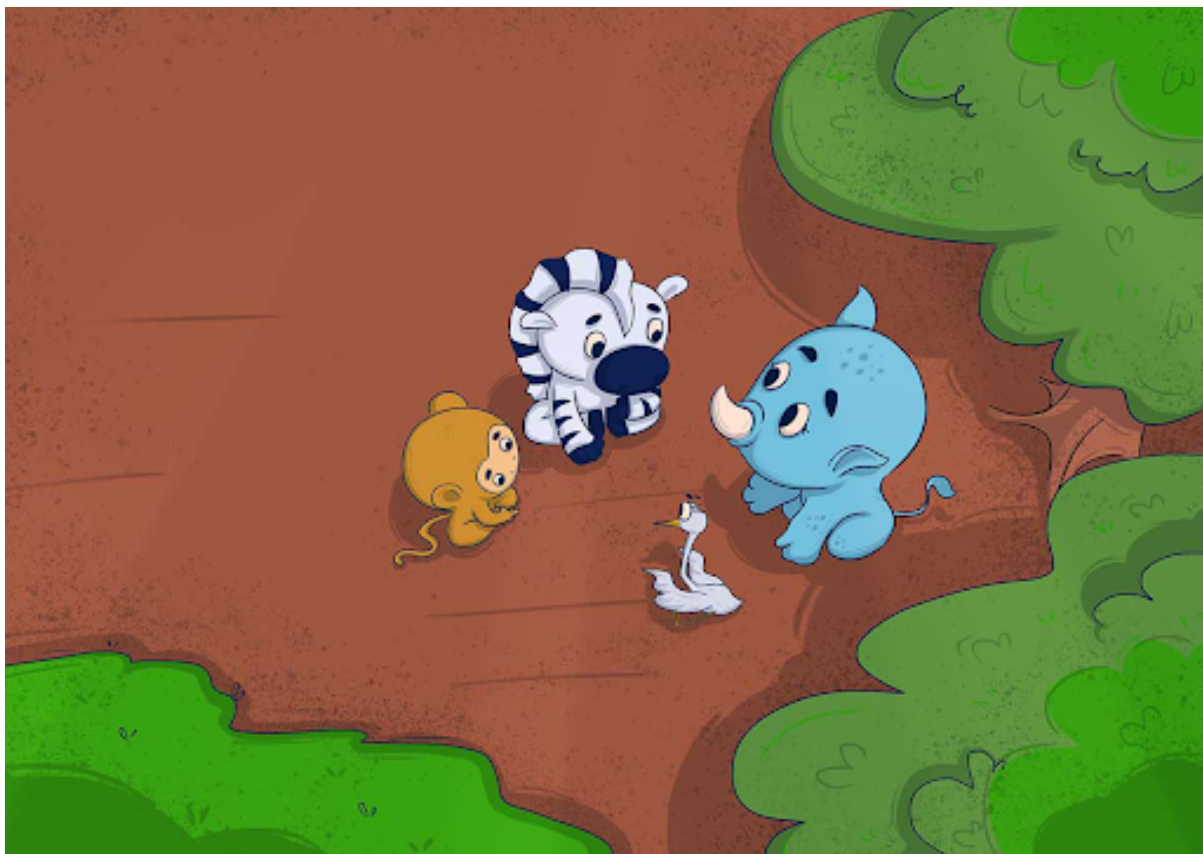

Palaging huli ang Munting Rhino.

Isang araw, sa oras ng recess, napansin ni Zebra na malungkot ang Munting Rhino.

“Ano ang problema?” tanong ni Zebra. “
Gusto kong sumakay ng bisikleta patungo
sa paaralan ngunit ang aking mga binti ay
masyadong maikli.”

Iminungkahi ni Zebra na magtulungan silang magkakaibigan upang makahanap ng solusyon.

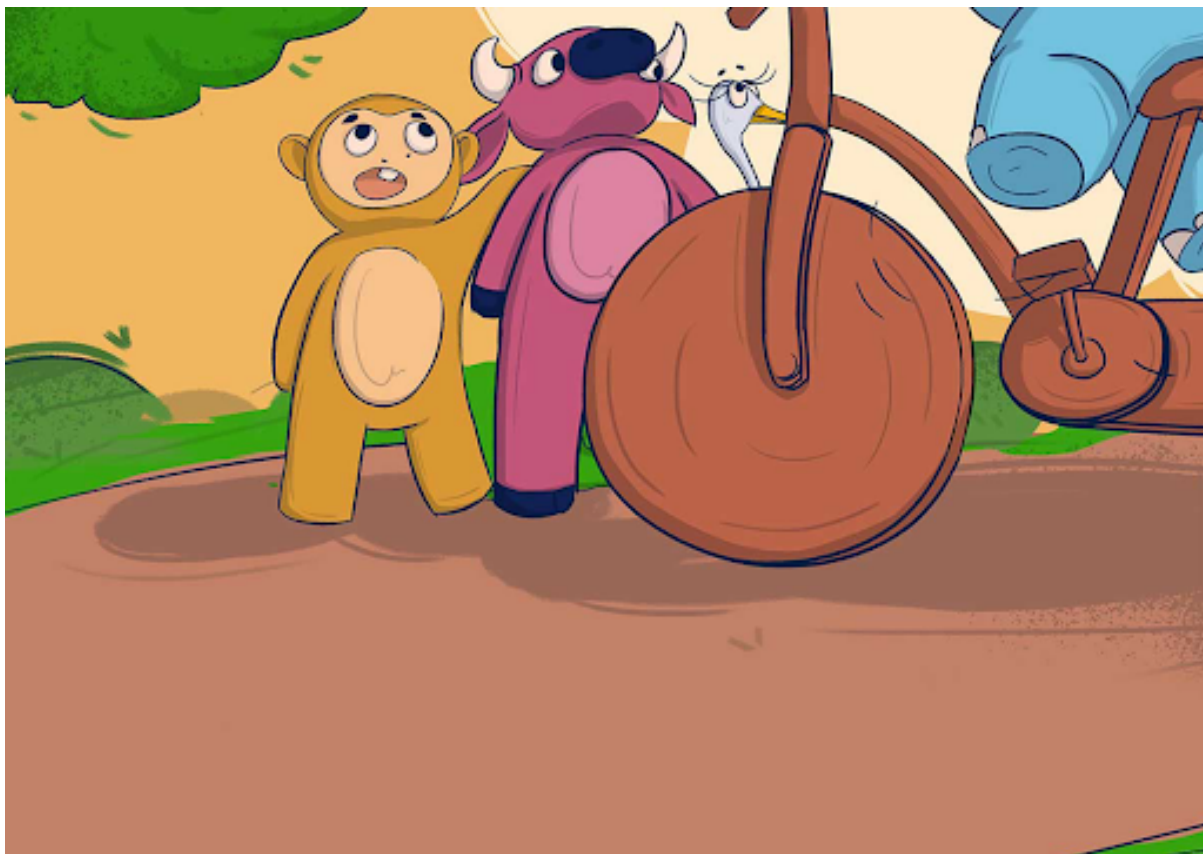

Una, tiningnan nila ang lahat ng mga bisikleta na sinasakyan sa paaralan.

“Baka maabot ng mga paa mo ang mga pedal sa maliit na bisikleta ni Pato?” mungkahi ni Zebra.

“Magandang ideya!” sabi ni Pato. Ngunit ang Munting Rhino ay tumingin sa bisikleta ni Pato at umiling. “Masyadong maliit, baka masira ko ito.”

Sumunod naman na nagmungkahi si Unggoy.
“Ano kaya kung iyong bisikleta ni Tagak ang
subukan mo? Magkasingtangkad kayong
dalawa.”

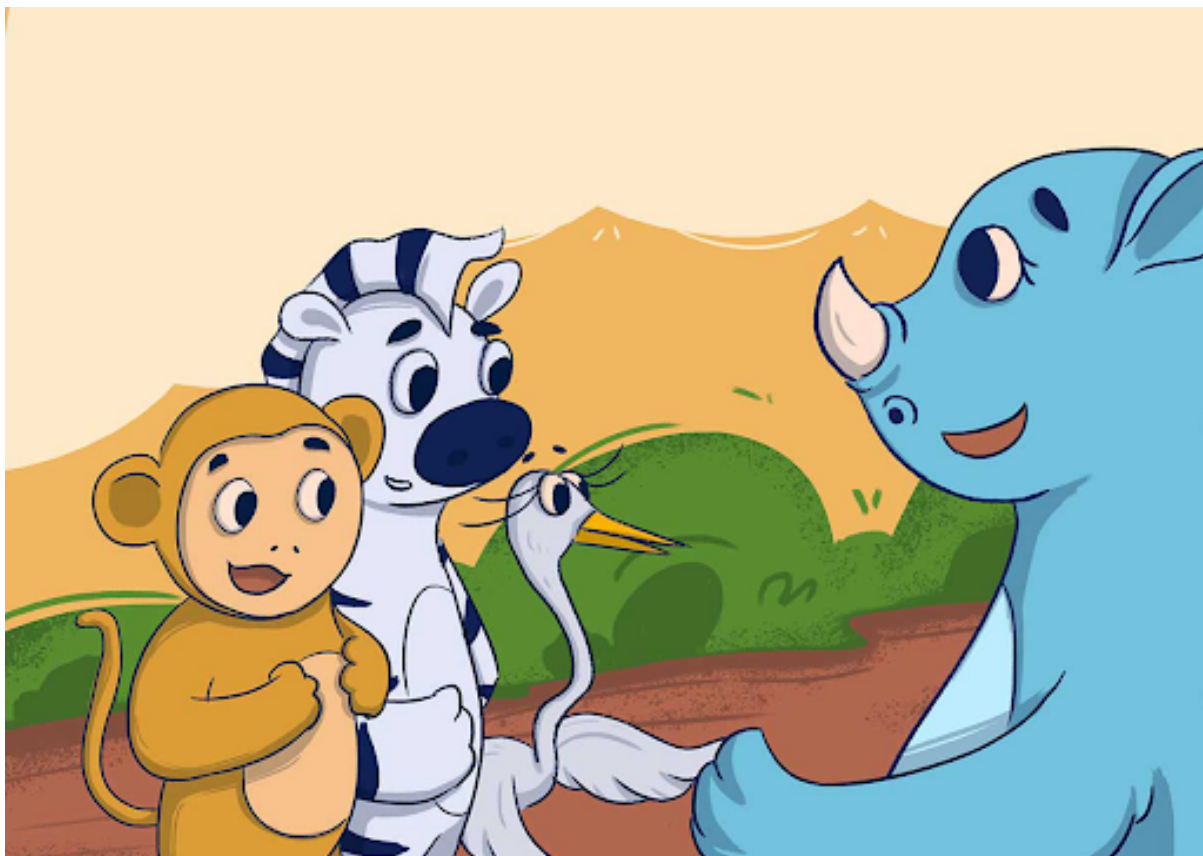

“Mahusay na ideya!” sagot ni Tagak.

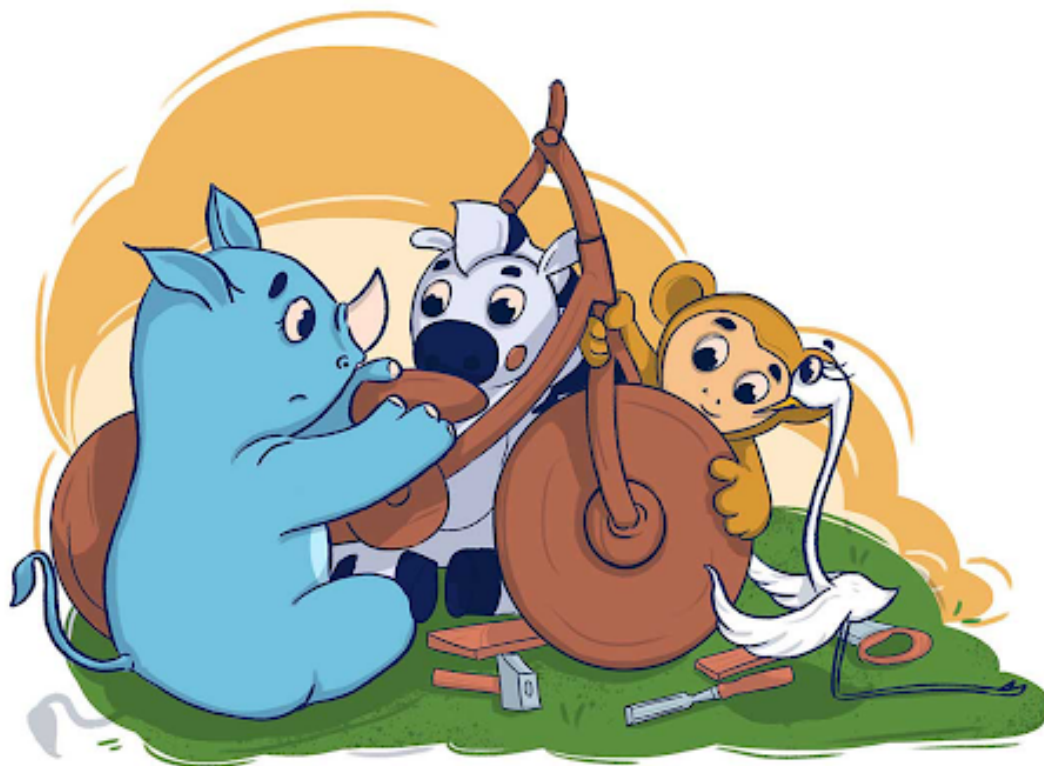

“Ngunit dapat mong subukang ibaba muna ang upuan.” Sumang-ayon ang Munting Rhino na subukan ito.

Ibinaba ng Munting Rhino ang upuan.
Pero, ang mga hawakan ay masyadong
mataas! Kaya binabaan din niya ang mga
hawakan.
Ngunit hindi pa rin niya maabot ang mga
pedal.

Nakakuha ng isa pang ideya ang Munting Rhino. “Kung sobrang baba pa ng pedal, paano kung itaas natin? Tutulungan niyo ba ako?” tanong ng Munting Rhino sa kaniyang mga kaibigan. “Magandang ideya!” sagot nilang lahat.

Pagkatapos pag-aralan ang bisikleta ni Tagak, nagtulungan ang Munting Rhino at ang kaniyang mga kaibigan sa paggawa ng bagong bisikleta na tama para sa kaniya.

Sinigurado nilang tama ang upuan, manibela, at mga pedal.

Sa wakas, ang Munting Rhino ay may bisikleta na angkop na angkop na sa kaniya!

Nang sumunod na araw, masaya niyang ginamit ang kaniyang bagong bisikleta papasok ng paaralan.

Suportado ng SMART.
