Ito ang kamay ng aking ama.

Laging pagod.

Magaspang kagaya ng liha.

These are my father's hands.

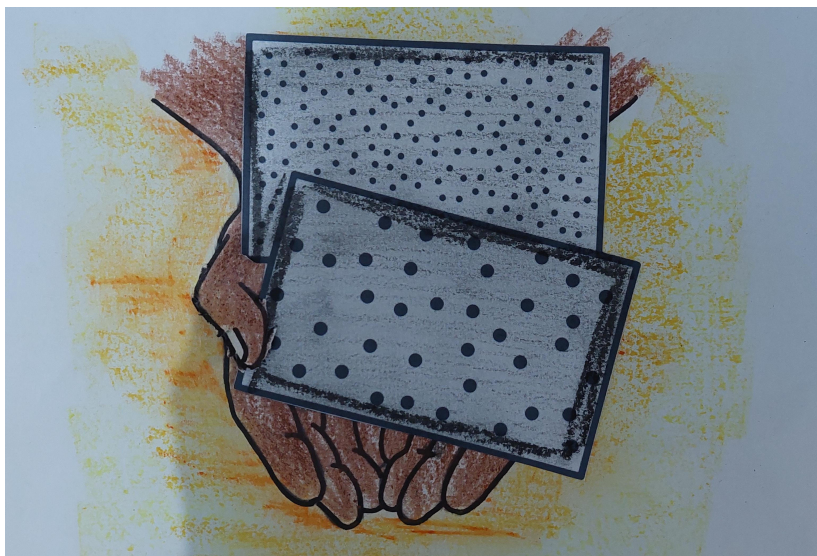

They are always tired.

They are rough like sandpaper.

**Ngunit kaya niyang mapaganda,
sasakyang sira-sira.**

**But, he can bring back the beauty of old,
rugged cars.**

Gamit ang kanyang kamay at mga papel de liha.

Using his hands and sandpaper.

Liha...
Liha...
Pintura...
at liha muli.

Sand...
Sand...
Paint...
and sand again.

Hanggang mapaganda ang dating kotseng sira-sira.

Until the old car can look like a brand new one.

**Pagod kayang iinda.
Para sa tatlong anak 'nya.**

**He can tolerate being tired.
For his three children.**

Salamat aking ama, sa iyong kasipagan at pagmamahal.

Kami ngayong tatlo ay maayos at matagumpay na.

Thank you my father, for your hard work and love.

Your three children are now having a good life and successful.
